

Stored Up Energy

Everybody Needs It—

stored for emergency in a well-developed, well-preserved, well-nourished body and brain.

Grape-Nuts food stands pre-eminent as a builder of this kind of energy. It is made of the entire nutriment of whole wheat and barley, two of the richest sources of food strength.

Grape-Nuts also includes the vital mineral elements of the grain, so much emphasized in these days of investigation of real food values.

Crisp, ready to eat, easy to digest, wonderfully nourishing and delicious.

KAISER SHAKES UP LOT OF GENERALS; MAY DISMISS 30

Big Changes in Commanders as Von Hindenburg Succeeds Falkenhayn.

MACKENSEN'S COMMAND

He Will Direct Campaign on Eastern Front and in Balkans.

LONDON, Aug. 29.—Kaiser Wilhelm dismissed Gen. Falkenhayn, Chief of the German General Staff, and put Gen. von Hindenburg in his place, because Falkenhayn was opposed to sending troops to the eastern front to meet a Roumanian invasion, the Hague correspondent of the Exchange Telegraph reported to-day.

Field Marshal von Hindenburg urged that reinforcements be sent to Austria and won the support of the Kaiser, with the result that troop trains are now rushing German soldiers to the defense of Transylvania.

The change in the general staff means the dismissal of thirty German generals on both fronts, the most radical shake-up in any army since the war began, the correspondent stated.

It is reported that Field Marshal Mackensen will succeed von Hindenburg in supreme command of the Austro-German armies on the Russian and Roumanian fronts.

Despite his advanced age, Gen. von Kluck may be recalled to active service and given command of one of the Austro-German armies that will attempt to stem the Russo-Roumanian invasion of Hungary.

BERLIN, Aug. 29 (via London).—Emperor William's appointment of Field Marshal von Hindenburg as Chief of the German General Staff is acclaimed generally with enthusiastic satisfaction. The Berlin newspapers unite in saying that the Emperor has fulfilled the long cherished wish of the German people, who are declared to have limitless confidence in the victor at Tannenberg.

The newspapers give unstinted praise to Gen. Erich von Falkenhayn, the dismissed Chief of the Imperial General Staff. They give him credit especially for the successful Serbian campaign and for reopening communications between Germany and Bulgaria and Turkey.

AUSTRIANS BLOW UP MOUNTAIN TUNNEL TO CHECK ROUMANIANS.

ROME, Aug. 29.—The famous Tomos Pass railway tunnel through the Transylvanian Alps has been dynamited and completely wrecked on the Austrians to check the Roumanian advance on the important city of Kronstadt.

(The Tomos Pass tunnel is about

200 feet long and is situated on the Bucharest-Budapest railway, just inside the Transcarpathian frontier, seven miles south of Kronstadt.)

Sharp fighting occurred in the Tomos Pass region a few hours after the Roumanian detachment of 10,000 men, accompanied by 100 guns, advanced from Kronstadt, crossed the frontier and attacked an Austrian frontier guard post of the Austro-German army.

On the extreme wings, the Roumanians are pressing forward into Hungary with a prize-like movement that threatens to squeeze the Teutons out of all southeastern Transylvania. A notified report from Budapest to-day said that Roumanian vanguards which formed a junction with the Russians in the north, have pushed forward more than a mile into Transylvanian territory. The Roumanians have invaded Transylvania in force on the southern front, south of Hermannstadt, and were engaged near the Red Tower Pass when last reports were received at Vienna.

The Austrians have made preparations for the early evacuation of both Kronstadt and Hermannstadt, the two most important cities of Transylvania, by the civilian population.

BULGARS' BATTERIES ON STRUMA SILENCED BY BRITISH GUN FIRE

LONDON, Aug. 29.—Bulgarian batteries were silenced by the British after an artillery engagement on Monday and Tuesday, the War Office announced to-day.

"On the Struma front," the announcement says, "hostile artillery shelled the Kopriwa bridge on Monday night and the following morning. Our artillery retaliated and succeeded in silencing the enemy batteries."

"Yesterday our aeroplanes bombed Drama station and troops and transports at Perna, apparently with successful results."

"On the Doiran front, near Doldzelli, our batteries dispersed an enemy working party."

FAIR, Aug. 29.—Severe fighting is in progress on the Macedonian front. The War Office report of to-day says the French gained ground west of the Vardar River. Bulgarian attacks west of Lake Ostrovo were repulsed by the Serbians.

The Entente allies bombarded Bulgarian positions on the Struma front and near Lake Doiran violent artillery fighting continued in the region of Ostrovo and Vertenik.

RUSSIANS DEFEATED IN CAUCASUS IS TURKISH REPORT.

BERLIN (By Wireless to Saville). Aug. 29.—Turkish troops are advancing step by step in the Caucasus and have broken the resistance of the Russians who occupied dominating heights, it was announced to-day by the Turkish War Department. One attacking Turkish detachment, it is said, found a thousand Russian dead on the battlefield.

BERNHARDI REPLACES AUSTRIAN GENERAL

Germany's Military Writer Now Commands Army Defending Kovel Section.

ZURICH, Switzerland, Aug. 29 (via London).—Field Marshal von Hindenburg, according to a despatch received here to-day, recently removed the Austrian Major Gen. Puhalle from command of the army corps defending the Kovel section of the front in Volhynia and gave the command of the troops there to Gen. Friedrich von Bernhardt.

Gen. von Bernhardt at his own request was assigned by Emperor William to a field command in September, 1915. The General is one of the best known military writers of Germany. In 1912 he wrote a book entitled "Germany in the Next War," in which he forecast many of the main features of the present campaign.

PUTTING PEP IN G. O. P.

Heads of Republican Committee Busy Reorganizing.

The new Advisory Committee of the Republican National Campaign met in this city to-day to formulate plans for putting more pep into the Hughes campaign. Frank H. Hitchcock, who is scheduled to be the new Chief of General Staff, appeared in National Headquarters for the first time.

The revised plan of strategy calls for taking up the tariff as the principal issue of the campaign. Hitchcock and Perkins are to be the real executive officers of the Republican forces to reorganize the ranks and stir up activity all over the country.

GREEKS KILLED IN DEFENSE OF CITY BULGARS CAPTURE

Drama Seized After Hard Battle With Garrison Which Is Imprisoned.

PARIS, Aug. 29.—The city of Drama, in Northeastern Greece, has been seized by Bulgarians after a battle with the Greek garrison, telegraphs the Athens correspondent of the Matin.

The despatch says that the Bulgarians captured three forts and took prisoner the Greek garrison of 120 men, and that a number of soldiers were killed in the fighting. This news is confirmed, the correspondent adds, by refugees who have reached Athens.

Drama is one of the principal towns in Northeastern Greece, seventy-five miles northeast of Salonica, in the district east of the Struma River which the Bulgarians have been occupying for the last fortnight. There have been other reports of fighting between Greeks and Bulgarians, but the French War Office on Friday last stated that the Greek garrisons at Kavala and Drama were still in possession of the towns and had not been attacked. It was announced at Athens last week that Germany and Bulgaria had given a written undertaking to Greece that their troops would not enter Kavala, Drama or Seres.

ROUMANIANS FAR IN HUNGARY; BOMBARD BULGARIAN CITY

(Continued from First Page.)

Russia and Roumania are operating as a single unit, the despatches say. It will be advisable to shorten the front by abandonment of certain parts of Transylvania.

Two Roumanian battalions were defeated in an attack against the Austrian positions at Verestorony Pass, south of Red Tower Pass, and on the railway leading to Hermannstadt, said a semi-official statement given out here to-day.

The initial attacks against the Austro-Hungarians on the Roumanian border were everywhere defeated, says the Overseas News Agency. At Verestorony Pass an attack was made by two Russian battalions. The efforts of the Roumanians, the news agency says, were directed against the chief towns of Transylvania, Hermannstadt, Granz, Kronstadt and Nagyszege, which are near the frontier.

VON TIRPITZ U-BOAT TALK WAS NOT A "MANIFESTO"

Private Telegram Used to Exaggerate U. S. and Germany, Is Semi-official Statement

BERLIN, Aug. 29.—The wireless to Rayburn, according to recent reports, says the German Navy Agency, "The American press is concerned about a so-called manifesto of Admiral von Tirpitz having to do with naval warfare."

No such manifesto is known in Germany, evidently not having been made of a private telegram of the retired Admiral with the object of exchanging feeling between the United States and Germany.

Washington despatches reported a few days ago that Ambassador Gerard had informed the State Department of the issuance of a manifesto by Ad-
